

Fundraising Supporter Development Coordinator Job Pack

Thank you for your interest in the role of Fundraising Supporter Development Coordinator at Church Urban Fund (CUF).

Church Urban Fund has a proud history of being good news within our low-income communities across England. We partner with churches, different faith communities and schools through our family of charities - Near Neighbours, CUF and Just Finance Foundation - and aim to learn from and journey with the communities that we serve. Our core mission is shaped by the drive to alleviate poverty in all its forms, by developing partnerships and programmes of hope, love and dignity.

We are inspired by Jesus' ministry to be with and alongside and serve the most marginalised and vulnerable in society, and follow his command to Peter and the wider Christian community 'tend or feed my sheep'. We are a relatively small charity, where everyone plays a significant part in shaping our culture and serving the wider community, together.

We are seeking an experienced, energetic and enthusiastic Fundraising Supporter Development Coordinator to coordinate campaigns, direct marketing appeals, and other supporter and public communications, using best practice to maximise income for individual and church giving.

If you feel that this role could be for you, we would love to hear from you.
